

3.0 ACADEMICS

As is our practice, teaching and learning activities have been rightly conducted and the learners have done a series of sets of assessments and the performance is reflected in the Report cards they have received. We have also provided holiday packages for our learners. You are required to guide and supervise them as they do their work, allow them time to complete all exercises and take this work seriously because it contributes to the overall performance next term. All holiday work must be submitted to the class teacher on the first day of term two.

We are grateful to most of you dear Parents/Guardians who turned up in big numbers to check on our Girls and Boys performance and laying more strategies and discussing areas where improvement is needed. We promise to continue engaging
